the image of the architect is undeniably gendered while the male architect might be celebrated as the ideal man in hollywood romantic comedies blessed with practicality and creativity in equal measure to impeccable taste and an enviable lifestyle the image of the woman architect is not so clear cut while women have been practicing and excelling in architecture for more than a hundred years their professional identity as constructed in the media is complex and sometimes contradictory this book explores the working lives and aspirations of women in architectural practice but more than this it explores how popular media newspapers magazines and websites serve to define and describe who a woman

architect should be what she should look like and how she should behave looking further into the way that professional characteristics are reinforced through awards like the pritzker prize the book demonstrates how idealised characteristics such as sensitivity and vision are seen to be neither entirely masculine nor feminine but instead a complex hybrid owing much to historic concepts of genius drawing on history sociology media analysis and feminist theories of architectural practice the book will be of interest to all of those who seek to better understand the image and identity of the architect this book was published as a double special issue of architectural theory review

rooted in feminist political thought she city illuminates how gender shapes our urban spaces and city design through three sections resisting sexist cities designing feminist cities and prioritizing safer cities kalms examines barriers to women s public participation and focuses on the practical strategies policies and actions to overcome them addressing significant themes such as violence against women and gender sensitive design she city not only provides direction for practitioners but also inspires confidence to pursue new paths towards women centered urban environments this book is an essential resource for architects urban designers planners and the plethora of built environment specialists committed to building cities that truly meet the diverse needs of women and girls

the speed and scale of urbanisation in india is unprecedented almost anywhere in the world and has tremendous global implications the religious influence on the urban experience has resonances for all aspects of urban sustainability in india and yet it remains a blind spot while articulating sustainable urban policy this book explores the historical and on going influence of religion on urban planning design space utilisation urban identities and communities it argues that the conceptual and empirical approaches to planning sustainable cities in india need to be developed out of analytical concepts that define local sense of place and identity examining how hindu religious heritage beliefs and religiously influenced planning practices have impacted on sustainable urbanisation development in jaipur and indian cities in general the book identifies the challenges and opportunities that ritualistic and belief resources pose for sustainability it focuses on three key aspects spatial segregation and ghettoisation gender inclusive urban development and the nexus between religion nature and urban development this cutting edge book is one of the first case studies linking hindu religion heritage urban development women and the environment in a way that responds to the realities of indian cities it opens up discussion on the nexus of religion and

development drawing out insightful policy implications for the sustainable urban planning of many cities in india and elsewhere in south asia and the developing world

planning is currently a male profession but an analysis of a century of town planning reveals this to be a new development women have been central to the planning movement since it began women and planning is the first comprehensive history and analysis of women and the planning movement covering the philosophical practical and policy dimensions of planning for women beyond the marginalization of women modern scientific planning hides a story of past links with eugenics colonialism artistic utopian and religious movements and the occult central to the discussion is the questioning of how male planners have rewritten planning in their own image projecting patriarchal assumptions in their creation of urban realities issues of class sexuality ethnicity and disability are raised by the fundamental question of who is being planned for

even the best wall street investors make mistakes no matter how savvy or experienced all financial practitioners eventually let bias overconfidence and emotion cloud their judgement and misguide their actions yet most financial decision making models fail to factor in these fundamentals of human nature in beyond greed and fear the most authoritative guide to what really influences the decision making process hersh shefrin uses the latest psychological research to help us understand the human behavior that guides stock selection financial services and corporate financial strategy shefrin argues that financial practitioners must acknowledge and understand behavioral finance the application of psychology to financial behavior in order to avoid many of the investment pitfalls caused by human error through colorful often humorous real world examples shefrin points out the common but costly mistakes that money managers security analysts financial planners investment bankers and corporate leaders make so that readers gain valuable insights into their own financial decisions and those of their employees asset managers and advisors according to shefrin the financial community ignores the psychology of investing at its own peril beyond greed and fear illuminates behavioral finance for today s investor it will help practitioners to recognize and avoid bias and errors in their decisions and to modify and improve their overall investment strategies
